- 25X1A 2. [] Comment. Only the troop train [] reported in paragraph 2 was previously reported. It cannot definitely be interpreted whether one or two troop trains went from Kyritz to Brandenburg on 20 or 21 March 1954. 25X1
- 25X1A 3. [] Comment. Source covered the return movement of units of the IX Mtz Rifle Corps and army troops of the Third Shock Army which was previously indicated. The movement followed the termination of a field exercise which, according to the loading and unloading stations, was conducted in the area of Neubrandenburg - Neuruppin - Kyritz - Pritzwalk.
- 25X1A 4. [] Comment. The three troop trains unloaded at Mirow probably came from the area of the 6th Gds Mecz Div. The troop train reported from Oranienburg possibly also came from this area. On 22 March 1954, another source also observed another troop train with a tank unit at the Oranienburg railroad station. 25X1A
